SUMMARY

Senior Data Engineer with **9+ years** building enterprise-grade data lakes, lakehouse platforms, and semantic analytics layers across pharma (**Eli Lilly**, 200K+ clinical assets) and SaaS (**Kenko AI**, 500+ multi-tenant clients). Expert in **Python, PySpark, SQL**, full **AWS data stack** (Redshift, Glue, DMS, Kinesis, Athena, Lake Formation), **Airflow** orchestration, and **Cube Cloud LDM** design. Consistent track record of **40–60% improvement** in pipeline efficiency, data quality, and cost.

EXPERIENCE

Kenko AI

Bengaluru, India

Senior Data Engineer

Feb 2026 – Apr 2026

- Architected **AWS Data Lakehouse** for **500+** fitness studio clients via **DMS CDC**, **S3 Bronze**, **Apache Iceberg** Silver (S3 Tables), and Athena Gold; cut query latency **45%** and raised SLA compliance from **70%** to **98%**.
- Designed **Cube Cloud LDM** with **18 cubes**, **11 pre-aggregated views**, and **58 KPIs** across Finance, Memberships, Classes, and Marketing; implemented JWT-based **multi-tenant RLS** for 500+ operators.
- Built 9-check Data Quality framework (null, PK, referential integrity, freshness, schema, semantic rules) with SNS alerting; cut data incidents **60%** and raised confidence from **82%** to **97%**.
- Delivered **20-table Gold** analytics layer replacing **GoodData** as source of truth; cut BI licensing costs **35%**.

Eli Lilly and Company

Bengaluru, India

Engineer II – Software Configuration and Development

Feb 2021 – May 2024

- Standardised 20+ reusable **Data Products** and DWS APIs for Enterprise Data Backbone using **PySpark** and **Airflow** across 5+ teams; cut incident response time **40%** via ServiceNow integration.
- Migrated **5+ TB CTMS** clinical data from **IMPACT** to **Veeva Vault** using PySpark, AWS, SQL and Airflow; accelerated onboarding **60%** across 6+ clinical trial projects.
- Engineered **Axon Data Catalog** for 200K+ clinical assets, improving discoverability **50%** and validation efficiency **30%**.
- Won **Lilly Global Ideas and Innovation Award** for **LillyTV** – R&D communications platform scaled to **1,500+** employees.

AspireNXT

Bengaluru, India

Data Engineer

Aug 2019 – Jun 2020

- Led 5-member team delivering **AWS Data Lake** pipelines across finance, industrial IoT, and healthcare; improved delivery velocity **30%** through mentorship and optimisation.
- Deployed secure AWS Data Lake migrating **10+ TB**, reducing latency **40%** and infrastructure costs **25%**.
- Established weekly knowledge-sharing sessions, boosting team productivity **20%** and cutting onboarding time **50%**.

SpanIdea Systems

Bengaluru, India

Senior Software Engineer

Jan 2019 – Jul 2019

- Designed **Span Park** smart parking solution using Python, C, Raspberry Pi, PostgreSQL, and Azure IoT Hub; reduced parking search time **50%** through real-time availability tracking.
- Built sensor data processor and integrated real-time dashboard API via MQTT; enabled bidirectional device-cloud communication, improving responsiveness **40%**.

Infosys Limited (Client: Daimler AG)

Bengaluru, India

Senior Systems Engineer

Aug 2015 – Dec 2018

- Automated critical ETL pipelines with RCA and on-call support, reducing production downtime **20%** and boosting automation efficiency **15%**.
- Developed reusable ETL migration framework across 12+ projects, cutting manual effort **30%** and accelerating timelines **25%**.

TECHNICAL SKILLS

Languages & Databases: Python, PySpark, SQL, Bash, PostgreSQL, MySQL, Oracle, DynamoDB

Cloud: AWS (S3, Glue, DMS, Lambda, Redshift, RDS, Athena, Kinesis, Step Functions, Lake Formation, Bedrock), Azure IoT Hub

Data Engineering: Apache Iceberg, Delta Lake, Databricks, Apache Airflow

Semantic Layer & BI: Cube Cloud (LDM, cubes, views, pre-aggregations, multi-tenant RLS, JWT auth), GoodData, QuickSight

AI & Dev Tools: Claude, ChatGPT, GitHub Copilot, Cursor, Windsurf, Docker, GitHub, DBT, Linux, VS Code

Workflow & Collaboration: Linear, Jira, Confluence, Agile Scrum, Git, DevSecOps

EDUCATION

Veer Surendra Sai University of Technology – B.Tech, Computer Science & Engineering

Odisha, 2011–2015

Jawahar Navodaya Vidyalaya, Sarang – AISSCE (Class XII)

Odisha, 2010
